TTS TRAINING SERVICES LTD

1 DAY PAT TESTING COURSE

Who should attend?

Our PAT testing course is suitable for anyone looking to bring their PAT testing in-house and save money or for anyone looking to provide PAT testing as a service to other companies.

We regularly train candidates from all types of industries & organisations, schools, councils, charities, construction sites, office, hire industry and many more.

What is covered?

Our PAT course is fully comprehensive and follows the IET Code of Practice.

We will cover:
- Basic Electrical Theory
- Electrical Dangers and Risks Associated with Faulty Equipment
- Electricity at Work Regulations and other relevant Legislation
- IET COP for inspection and Testing of Electrical Equipment
- Classes of Electrical Equipment – I, II & III
- Frequency of Inspection and Testing
- A Risk Assessment Approach to Frequency of Testing
- Visual Inspection Electrical Equipment
- Electrical Testing of Equipment
  - Earth continuity
  - Insulation Resistance
  - Leakage
  - Load
  - Flash
  - Polarity
- Record Keeping & Labelling.

Certification?

The course has a multiple choice test and a practical assessment, you must pass both to get a certificate.

Successful candidates will receive a Certificate of training and competence in PAT Testing.
