

1 DAY PAT TESTING COURSE

Who should attend?

Our PAT testing course is suitable for anyone looking to bring their PAT testing in-house and save money or for anyone looking to provide PAT testing as a service to other companies.

We regularly train candidates from all types of industries & organisations, schools, councils, charities, construction sites, office, hire industry and many more.

What is covered?

Our PAT course is fully comprehensive and follows the IET Code of Practice.

We will cover:

- Basic Electrical Theory
- Electrical Dangers and Risks Associated with Faulty Equipment
- Electricity at Work Regulations and other relevant Legislation
- IET COP for inspection and Testing of Electrical Equipment
- Classes of Electrical Equipment – I, II & III
- Frequency of Inspection and Testing
- A Risk Assessment Approach to Frequency of Testing
- Visual Inspection Electrical Equipment
- Electrical Testing of Equipment
 - Earth continuity
 - Insulation Resistance
 - Leakage
 - Load
 - Flash
 - Polarity
- Record Keeping & Labelling.

Certification?

The course is a 1-day certificate of training and competence. The learner need to successfully pass a multiple-choice test and a practical assessment in portable appliance testing (PAT).

Successful candidates will receive a PAT Training Competent Person Certificate accredited by UKRS.
